Comments on Peter's conduct & attitude whilst with you:

Peter has had a very positive attitude to his work experience whilst at VIVID. He was very conscientious and completed all tasks given with accuracy and care. He preferred to work independently and was happy to tackle anything we gave him taking everything in his stride.

He was very helpful, courteous and polite and worked quietly and autonomously with ease. His focus and attention whilst on task was excellent, he was very efficient and completed duties with speed and precision.

Peter's time keeping was superb, he remained alert throughout the day and was a pleasure to have around.
